

Name: _____

Earthquake Plan

1. Where are you most likely to be during an earthquake?
2. What is the safest spot to be in those places?
3. What will you do during the shaking? In the first 5 minutes afterwards?
4. Who will you need to contact? How will you contact them? What if your cell phone can't make calls within Portland?
5. If you can't contact each other, where will you meet? What is your safe meeting place?
6. You should keep a backpack by the door filled with supplies. What will be in it?
7. How do you plan to get around?

8. What will you do to get water?

9. What will you do to get food?

10. Where will you live if you can't live in your house?

11. How will you take care of others?

12. How do you feel about this possible earthquake?

13. How do you feel about preparing for the earthquake?
