

**Neighborhood Assignment**  
**Due 10/14**

**Name:** \_\_\_\_\_

After you have mapped out your neighborhood, choose 2-4 neighbors to observe in detail over the next week. You don't need to get creepy, and you can use your imagination. If you feel comfortable talking to your neighbor, go for it. If you've never met your neighbor, you may choose to use this as an excuse to go meet them. "Hi, I'm Melisandre, and I have an assignment about my neighborhood for Ms. Wagner's class. Could I ask you a few questions?" Easy.
